Humberside Police

Serving our communities to make them safer and stronger

Humber-talking has set our priorities, this month we are to:

1. Reduce ASB - Improve the quality of life in the community

This period is always one of our busiest, however, we would like to offer reassurance to residents and a stark reminder to those intent of causing harm or committing offences, that we are out in force and ready to act against anyone spoiling others' fun.

UPDATE - During December, reports of anti-social behaviour have decreased to 6 reports. These include reports of quad bikes driven across crops near to the TransPennine trail, **Swine**; Eggs thrown at properties on Headlands Drive and Queensmead, **ALDBROUGH**.

Action - You will see a clear police presence on patrol in and around your neighbourhood over this period. We really want everyone to enjoy themselves, but we will be there to ensure we deal with any incidents quickly.

The Holderness Neighbourhood Policing Team works with our key partners and the community to reduce anti-social behaviour and the anti-social use of motor vehicles. We provide proactive responses to reports of anti-social behaviour in our neighbourhood Area and are constantly reviewing our patrol strategy to address this. We are working hard with partners to address this and ensure our market towns and rural communities are a safe place to live and work.

Your guide to reporting ASB

Call the council to report: <ul style="list-style-type: none">Nuisance parkingUsed needles or syringesDog foulingStreet drinkingFly tipping and littering	Call us on 101 to report: <ul style="list-style-type: none">Criminal damageNuisance moped ridingGraffiti and vandalism to your personal property	Remember... If someone is in danger or a crime is in progress always call 999

2. Preventing Residential dwelling Burglaries & vehicle crime.

During the winter months, it is usual for us to see crimes such as burglary and theft rise, particularly if houses and vehicles are unattended.

Burglars are often opportunistic thieves who prey on houses, garages, sheds and outbuildings. They seek out any opening that they can take advantage of, specifically doors and windows that are left open or unlocked or are easy to force.

Please follow a security routine and check windows, doors and vehicles are secure before settling down for the evening. Visit our website for further advice www.humberside.police.uk

Action

During the winter months, members of the Holderness Policing Team will continue be out to Minimise crime and ASB.

Maximise crime reduction opportunities by targeting offenders and providing advice to homes and businesses. Minimise the risk of becoming a victim of crime through high visibility patrolling.

Humbeside Police

How you can help

Your local Neighbourhood Policing Team appreciates the importance of being in the right place, at the right time, for the right reasons to reassure the public, improve public confidence and reduce crime and anti-social behaviour in the area in which we all live and work.

We encourage all residents to call and report any issues where they live so that we can deal with any issues and step up our patrols in that area.

If you feel that there are other issues affecting you or your local community that should be given priority, please inform your local councillors or your Neighbourhood Policing Team.

My
Community
Alert

By taking small steps in improving security, the public can help prevent and deter thieves.

Make cycle security and registration of your bike a New Year's resolution.

Humberside Police

Serving our communities to make them safer and stronger

If you got or gifted a bike this Christmas, please keep them safe and secure.

Register bikes, new and old, on Bike Register:

<https://www.bikeregister.com> or Immobilise: www.immobilise.com.

We also want people to consider some crime prevention advice:

Lots of cycle thefts are committed by opportunist thieves who see unlocked and unattended cycles as a good target to steal.

There are also thieves who target high value cycles using social media to identify possible cycles to steal. To tackle this and minimise the risk these offenders pose, people shouldn't share too many details about their bikes on social media. Also, if you are looking to buy a bike, make sure you are buying from a reputable source.

There are simple steps you can take to ensure that you don't make your bike a target:

 Always lock your bike when you leave it.

 Keep bikes locked at all times, when not in use, in a secure building.

 If you are storing your bikes in a shed or garage, secure sheds them with a strong D lock to an anchor point and consider fitting an alarm.

 Remove cycle carriers from your car when they're not in use.

 Think twice about posting your ride stat results or pictures of your bike on social media sites, especially if your home address can also be viewed. If you use them then check your security settings and set at least a 1000m exclusion zone around your house.

Humberside Police

Serving our communities to make them safer and stronger

Humberside Police also advise keeping valuable property hidden from view and making sure that lights are left on at various times, to give the impression that someone is home. In addition to this, particular emphasis is placed upon the need for reliable and effective house alarms, secure door locks, windows containing locks and CCTV systems in place, where possible.

Is your cylinder door lock snap resistant?

Check your UPVC or Euro cylinder door lock to see if it is snap resistant. It should be stamped with a three-star Kite Mark.

If it is not, we recommend you get the lock changed to either a SS312 Diamond Approved Cylinder, TS007 3 Star Kitemarked Cylinder, or a 1 Star Cylinder with 2 Star handle for maximum protection. For more information contact the Master Locksmiths Association

There are plenty of simple steps motorists can take to prevent becoming a victim of Hanoi-style burglaries... parking your car in a garage if possible, keeping car keys out of view and easy reach, locking doors and windows; and using Physical security products such as a steering wheel lock or a lock that fits over the gear lever still act as a good deterrent.
